Garmin (GMI 20 colour) 4" multifunction display at upper helm

Ais transponder garmin 600 class b

This craft is fitted with a Garmin 10i/300/ dual station VHF/DSC with intercom - to ensure correct unit is fitted, please indicate VHF/RT DSC registration

AIRCONDITIONING:

Reverse cycle AIRCONDITIONING / HEATING : (56,000 Btu - tropical specification up to 40°C)

(Includes outlets in all cabins and bathrooms and additional 50A shore support fitting) Recommended Generator : 11Kw

Increase capacity of the air-condition in the saloon and kitchen area for tropical a/c specs

HOLDING TANK / TOILETS:

SYSTEM 2 - Toilets discharging into the holding tank but also having the ability to discharge directly overboard via a Y valve fitted in the discharge lines. The holding tank has electric overboard discharge as well as reserve manual and dockside overboard discharge facilities. The electric overboard discharge system incorporates an electric valve with timer. When the pump is turned on a time delay allows the electric valve to open before the pump starts. When the pump is switched off the Safi valve closes. This means the through hull seacock does not need to be opened/closed every time the pump is switched on. The through hull seacock is itself fitted with a microswitch which prevents operation of the pump when it is closed. The electric valve has a manual override facility

EXTERIOR UPHOLSTERY / CANVAS / COVERS:

Bimini top - White sunbrella canvas

Additional charge for Bimini top to have LED overhead lighting (switched from console)

White mesh windscreen covers in place of standard black
